Education

Secondary School Certificate
Army Public School , dipatoli   **86.2%** ‖ 2018-2019

Higher Secondary Certificate
Army Public School , Kirkee   **81.6%** ‖ 2020-2021

Under Graduation (pursuing)
AISSMS , IOIT   **7.79 CGPA**(aggregated) ‖ 2021-2025

Work Experience

NoQs Digital Pvt Ltd.   (4th January - 3rd February)

- Worked as a Web developer in the organization more than 25+ days and also learned web technology along with *HTML , CSS , JAVASCRIPT.*
- As a result i was able to make my portfolio website with the help of *HTML , CSS , JAVASCRIPT.*

Projects

1) TASKIFY {task management}   *Link   Repo Link*
Next js | typescript | prisma | clerk | Recoil | tailwind css | vercel

- In this project, I have made a task management web app called Taskify, where users can manage their tasks effectively.
- The app allows users to create, delete, prioritize tasks, and switch their status between "completed" and "pending." Axios is used to handle API requests, Recoil is implemented for state management, and Tailwind CSS is used for styling.
- As a result, I learned how to manage dynamic lists, implement task prioritization, and effectively handle API interactions for task status updates.

2) TaskFlow {Project Issues Management Tool}   *Link   Repo Link*
Next js | tailwind css | neonDB | schadCN | javascript | Clerk | Prisma | vercel

- Developed a web app enabling users to create organizations, manage sprints, and track project issues collaboratively. Implemented task handling, issue resolution, and sprint tracking, with real-time visibility for all members.
- Gained expertise in project management workflows, dynamic state handling, and seamless real-time updates for collaborative environments.

3) Animated Site   *Link*
HTML , Css , Javascript , Netlify(deployed)

- A animated site which tells about my self -- HTML , CSS ,JAVASCRIPT .

Technical Skills

Languages :   Java , JavaScript , SQL , HTML/CSS , typescript
